HANCOCK AT BEST 57 VOTES IN THE REAR. NEW-JERSEY, NEVADA AND POSSIBLY CALIFORNIA JOIN THE SOLID SOUTH-ALL THE REST OF THE TNION FOR GARFIELD-HIS MAJORITY IN NEW-YORK STATE ABOUT 20,000-REPUBLICAN MA-JOSTTY IN THE NEW CONGRESS WILL BE BE-

TWEEN 13 AND 25. Later returns do not materially alter the result as announced yesterday. General Garfield has a sure electoral vote of 210, with a probability that Oregon's vote will raise it to 213. That will give him 28 more votes than enough to elect him, and 57 more votes than Hancock will have if he carries both the doubtful States, California and

North Carolina. In New-York Garfield's majority is between 20,000 and 25,000. It may reach the latter figure, but is not likely to fall below the former. Hancock's majority in New-York City is about 41,000, and Grace's for Mayer about

New-Jersey is safe for Hancock by a small and both parties claim the Governor. The Legislature is Republican.

The doubtful States are California and North Carolina. The former is very close, and no definite news has been received from the latter. Both are likely to be Democratic. The news from Nevada and Oregon is inconclusive, but it is thought the former has voted for Hancock and the latter for Garfield.

The Democrats will probably have a small majority in the new United States Senate. The Legislatures of California, Florida, Nevada and Tennessee are still in doubt. The chances favor the election of Democratic Senators in the first three States and a Republican in the last. The new House of Representatives will be Republican by a majority

ranging from 13 to 25.

THE ROURBON IDEA OF A FAIR COUNT. A dispatch, of which the following is the substance, was received yesterday by the Editor of The

Acc. Fork Review:

HUNTSVILLE, Ala., Nov. 3.

Editor of The New-Fork Review.

I am reselected to Congress by a large majority but Bourbon inspectors are seeking to change the result by throwing cut my Greenback votes. Alabama laws provide that the ballot snall be without any figures, marks, ralings, characters or embelishments thereon. The ticket on which I was elected has been thrown out by thousands because the electoral districts are designated by numbers or figures. It is a systematic plan to change the result by a transdulent technicality. In behalf at a fair election and honest count, I invoke the moral sentiment of the country.

THE FORGED LETTER DOES ITS DIRTY WORK. SAN FRANCISCO, Nov. 3.—The difficulty in making reliable estimates arises from the fact that the Republican gains are found inconsiderable in Democratic strongholds and vice versa. In the Illa Congressional District Berry (Dem.) is probably reelected. In the IVth District the race between Pacheco and Leach is so close that the outcome can-not at present he stated. Page is reelected in the Hd District. If it proves that California chooses Democratic electors and two or three Democratic engressmen it may be fairly attributed to the influence of the Morey letter-at least that is the general belief expressed. The Republicans claim that they will, at any rate, elect one elector, as Judge Terry on the Democratic ticket is believed to be very badly scratched.

COLORADO.

A REPUBLICAN SWEEP. DENVER, Col., Nov. 3 .- The indications now are that the Republican majority in Colorado will exceed 3,000. The Republicans elect their State and Congressional ticket and will have a large majority of the Legislature.

GARFIFLD'S MAJORITY OVER 3,000. DENVER, Col., Nov. 3 .- Forty-nine towns and precincts, covering about half of the State, give majority, but is very close on the State ticket, Garfield 2.840 majority. The balance of the State will probably increase these figures.

(BY TREESCRIPTIO FOR TRIBUNE.)
WILMINGTON, Nov. 3.—We have chipped New eastle County off the Solid South. Our majority on the electoral ticket is about 200. Leading Democrats concede that figure. I believe that the rest of our ticket will have from 50 to 100 more. WILMINGTON, Del., Nov. 3 .- Returns from all the election districts in the State, except two in Kent County, the majorities of which are estimated upon the vote at the election last September, show a Democratic inajority of 1,045. Two-thirds of the Legislature is Democratic, insuring the return of Mr. Bayard to the Senate. The Republicans elect their whole ticket in Newcastle County by a ma-

jority of about 100. FLORIDA.

SOLIDIFIED BY THE DEMOCRATS. LAKE CITY, Nov. 3 .- Piorida votes for Hancock, and elects the Democratic candidate for Governor and both Democratic Congressmen. The Legislature is also Democratic.

DETAILS OF DEMOCRATIC GAINS. JACKSONVILLE, Nov. 3 .- Complete and estimated returns from the following counties have been received. The Democrats make net gains in every county, and carry Columbia by 350, a gain of 28 over 1876; Levy by 350, a gain of 69; Escambia by 175, a gain of 357; Gadsden by 135, a gain of 600; Sumter by 500, a gain of 167; Santa Rosa by

450, a gain of 50; Putnam by a small majority. The Republicans carry Jefferson by 872, a Demo cratic gain of 362. The net Democratic gain in nine counties is 3,497. This indicates a very heavy Democratic majority in the State.

ILLINOIS.

GARFIELD'S MAJORITY 44,000.

CHICAGO, Nov. 3.-Returns have been received from half the State of Illinois, but comparison has been made with only 297 towns and precincts outside of Chicago. These show not Republican gains of 2,685. At the same rate in the rest of the State the piurality for Garfield will be about 44,000.

The vote on Governor and Congressmen is a little less. The scratching does not seem to have been very pronounced in any section. The Republicans probably gain one Congressman by the election of Smith over Stevenson in the XIIIth District.

The only doubt is as to the election of Farwell in the HId District. In four wards in this city he runs precincts are not likely materially to alter the re- 700 behind his ticket, but it is expected the county In the face of this it seems almost a foregone returns will pull him through. FARWELL RUNS AHEAD OF HIS TICKET. CHICAGO, Nev. 3 .- Farwell, in the HIII District, runs ahead of his ticket in Lake County, where he resides. With three towns in Lake to hear from, Garfield's majority is 1,175 and Farwell's 1,246.

CONGRESSMEN RUN AHEAD OF THE TICKET. CHICAGO, Nov. 3 .- Johet complete, gives a large Republican gain. Whitesides County complete gives the following vote: Garfield, 3,918; Hancock, 2,210; Weaver, 404. The vote for Governor is about the same. It would seem that Republican candidates for Congress generally ran ahead of the electoral ticket.

GARRIELD'S MAJORITY IN CHICAGO 4.771. CHICAGO, Nov. 3 .- Complete returns for this cit give Garfield 42,484, Hancock 37,713; Garfield's majority 4,771.

Complete returns from Cook County give Garfield 54,312. Hancock 43,572; Garfield's majority 10,740. The vote in this city is nearly 19,000 heavier

than in 1876, and in the county fully 23,000.

REACHING FOR 45,000 MAJORITY. CHICAGO, Nov. 3 .- Returns from 377 towns and precincts outside of Chicago and Cook County, give net Republican gains of 3,229. Including Cook County the net Republican gain in the State, so far as heard from, is over 14,000, which makes a

The Democratic majority in this city, with a full vote, | elected Assemblymen. is reduced from 7,002 in 1876 to 5,290. Mr. Wilson, of The Louisville Commercial, claims a Republican gain of, 2,500 in the Louisville | Destrict. and a gain of at least 15,000 in the State. While nearly all of the about 375 towns and wards which have telegraphed their majorities make a good report, the gains in some of them were so large and creditable as to be worth special mention. Hancock's vote in New-York City was 123,102, and Garfield's \$1,726, making Hancock's majority 41,376. After long uncertainty it was found late yesterday that William R. Grace had been elected Mayor, receiving 101,853 votes to 98,919 for William Dowd. Grace's majority is 2,904. Judge Russell was defeated by Charles H. Truax by a majority of 2,918, with one election district missing. The other majorities by which the Democratic local ticket was elected were somewhat larger. Judge Rapallo got 26,873 more votes than Judge Folger in the city. The Republicans elected 2 Congressmen out of 7 and 6 out of

DELAY IN THE RETURNS. THE MAYORALTY IN DOUBT UNTIL LAST EVENING-

WHAT THE REPUBLICANS ARE PROUD OF. The returns in this city came in very slowly yesterday, and long after the figures from nearly all the election districts had been turned in a few were still missing. This fact caused some suspicion of fraud, but no proof of this could be found on investigation. The great number of split and pasted tickets voted on account of the trading by the friends of the various candidates seemed to be the chief cause of delay. It was not known with certainty until late in the afternoon whether Mr. Grace or Mr. Dowd would be the next Mayor of New-York, and the conflicting reports which were circulated aroused much excitement. It was found flually that Mr. Grace had been successbut only by the narrow

persistently to the hope that it would be found that Judge Russell had defeated Charles H. Truax, the man against whom so many charges had been brought. This hope proved to be vain, but Mr. Trnax's majority was even smaller than that of Mr. Grace, being only 2,918 out of a total vote of 200,466; with one election district missing. The rest of the Democratic county ticket was also uccessful, but by small majorities, Frederick Smyth aneceeding by 19.597 out of a total vote of

197,761. Augustus T. Docharty by 8,200 out of a

total vote of 199,132, and Charles J. Nehrbas

of 2,904 out of a total vote of 200,802. Even after

Mr. Dowd had been given up, Republicans clung

y 14.157 out of a total vote of 199.847. The Republicans regretted deeply the defeat of the local caudidates, as they had been very earnest and hopeful in the effort to overcome the objectionable Democratic ticket, and laid been especially desirous of keeping William R. Grace and Charles H. Truax in private life. But they found some consolation in reflecting on the closeness of the struggle in so great a vote, and on the warning given to the Democrats that it was not safe to name unworthy candidates even in a Presidential year. They were proud of what they had accomplished, though they were serry that they could not do more. Their pride in the remarkable reduction of the general Democratic majority, as shown in the vote for Hancock, was great, and justly so. Hancock's vote was 123,102, and Garfield's 81.726. Hancock had only 41,376 majority in this city out Hancock had only 41,376 majority in this city out of a total vote of 204,828, while Filden, in 1876, and a plurality of 5,3603 and a majority of 53,680 out of a total of 171,380. Last year Potter bad a majority of 49,295 out of a total vote of 149,327. The kepublicans elected two Congressmen out of seven, with a bare possibility, but not a probability, that William Waldorf Astor might couse out ahead of Phair H. Dugro in the official count in the VIIIs District. In that case they would have three Congressmen. They elected one-fourth of the twenty-four Assemblymen. The political composition of the Board of Aldermen is not changed. It will consist or seven Republicans and fifteen Democrats. sist or seven Republicans and fifteen Democrats.
